

Twiggs County Industrial Park Gas Pipeline (\$2,017,200). I would ban earmarks as we know them, but as long as these earmarks are available, I'm going to apply for them in an effort to pursue federal funding opportunities for my district. For non-defense projects in the current earmarking system, I work closely with local governments, civic organizations, non-profits and business development authorities to identify and prioritize projects important to local communities in Georgia's Eighth Congressional District (and sometimes elsewhere). I only request funds for projects authorized by law for federal funding and do not do so for private parties or entities. The project will fund the installation of a natural gas pipeline into the county's industrial park. This is a valuable use of taxpayer funds because it will help foster economic development and create new jobs. Beneficiary: Twiggs County, P.O. Box 202, Jeffersonville, GA 31044.
